

FIRST MEETING OF ME FACULTY & STUDENTS SEMESTER 371

A first meeting of ME faculty & students for 2016-2017, Semester 371 was conducted on October 25, 2016 during Period 3 at Tent Hall of Jubail University College. The main agenda of this meeting was to update the students about the new rules introduced in the academic advising and to take general feedback of students on both academic and non-academic issues.

The chairperson of the Mechanical department Dr. Surajudeen Adewusi addressed the students giving the details of students admitted each year and giving the complete overview of the ME department. He informed students about the American Society of Mechanical Engineers (ASME) Student Club, and encouraged students to participate in co-curricular and extra-curricular activities. Then, Dr. Mir Md Maruf Morshed who is the coordinator of Academic Advising for Mechanical Engineering highlighted about the new rules implemented in the academic advising from this present semester 371. He also introduced the departmental academic advisory committee members to the students. Finally, in the open session students asked various questions regarding the Mechanical Engineering program to which Dr. Surajudeen Adewusi answered to their satisfaction. The session ended with the feedback and suggestions from the students for the betterment of the program which was noted by Dr. Asif Hoda, Deputy Chairperson of the ME program.
